Re –Consultant Rest Days – [REDACTED]

Dear Claire,

I write further to your letter of 5th January 2015 regarding the implementation of the new arrangements for consultants on the on-call rosters of 1:3 and 1:4.

As outlined in my letter of the 11th September 2014, Beaumont Hospital was not in a position to implement the new arrangement regarding rest days as the HSE had deducted the monies for same from the 2014 budgetary allocation. I also advised you at that time that the Hospital's Director of Finance was seeking the funds from HSE to address the matter.

I am now pleased to be able to inform you that the Hospital has recently received the required funding and in this context we are now in a position to make the necessary payments to consultants on these rosters for compensatory rest that they have not received. Accordingly [REDACTED] claim will now be processed and paid.

I trust this addresses the concerns raised in your letter of the 5th January 2015.

Yours sincerely,

Patricia Owens
Director of Human Resources
