

IMO
FINANCIAL SERVICES

Our Remuneration

We, Fitzserv Consultants Ltd t/a IMO Financial Services, act as intermediary (Broker) between you, the consumer, and the product provider with whom we place your business.

The Background

Pursuant to provision 4.58A of the Central Bank of Ireland's September 2019 Addendum to the Consumer Protection Code, all intermediaries, must make available in their public offices, or on their website if they have one, a summary of the details of all arrangements for any fee, commission, other reward or remuneration provided to the intermediary which it has agreed with its product producers.

What is Remuneration?

Remuneration is the payment earned by the intermediary for work undertaken on behalf of both the provider and the consumer. The amount of remuneration is generally directly related to the value of the products sold.

What is Commission?

Commission is payment that may be earned by an intermediary for work undertaken for both provider and consumer.

There are different types of remuneration and different commission models:

Single commission model: where payment is made to the intermediary shortly after the sale is completed and is based on a percentage of the premium paid/amount invested/amount borrowed.

Trail/Renewal commission model: Further payments at intervals are paid throughout the life span of the product.

Indemnity Commission

Indemnity commission is the term used to describe a commission payment made before the commission is deemed to be 'earned'. Indemnity commission may be subject to a clawback (see below) if the consumer lapses or cancels the product before the commission is deemed to be earned.

Other forms of indemnity commission are advances of commission for future sales granted to intermediaries in order to assist with set up costs or business development.

Throughout this summary, there may be various commission options or ranges of commissions shown. Where these are shown, the basis on which the level of commission taken is decided at the discretion of IMO Financial Services or as otherwise agreed with you, and will be dependent on the type of policy, premium amount, length of time of the policy, and/or length of investment period, our time spent in researching, advising and arranging products, complexity of the product and service provided, seniority of personnel involved, and amount of commission we deem to be appropriate to remunerate us for providing our services to you.

General Insurance Products

General insurance products, such as motor, home, travel, health, retail or liability insurance, are typically subject to a single or standard commission model, based on the amount of premium charged for the insurance product.

Life Assurance/Investments/Pension Products

For Life Assurance products commission is divided into initial commission and renewal commission (related to premium), fund based or trail (relating to accumulated fund).

Trail commission, bullet commission, fund based, flat commission or renewal commission are all terms used for ongoing payments. Where an investment fund is being built up through an insurance-based investment product or a pension product, the increments may be based on a percentage of the value of the fund or the annual premium. For a single premium/lump sum product, the increment is generally based on the value of the fund.

Life Assurance products fall into either individual or group protection policies and Investment/Pension products would be either single or regular contribution policies. Examples of products include Life Protection, Regular Premium Life Assurance Investments, Single Premium (lump sum) Insurance-based Investments and Single Premium Pensions.

Investments

Investment firms, which fall within the scope of the European Communities (Markets in Financial Instruments) Regulations 2007 (the MiFID Regulations), offer both standard commission and commission models involving initial and trail commission. Increments may be based on a percentage of the investment management fees, or on the value of the fund.

Credit Products/Mortgages

Commission may be earned by intermediaries for arranging credit for consumers, such as mortgages. The single, or standard, commission model is the most common commission model applied to the sale of mortgage products by mortgage credit intermediaries (Mortgage Broker).

Clawback

Clawback is an obligation on the intermediary to repay unearned commission. Commission can be paid directly after a contract is concluded but is not deemed to be 'earned' until after a specified period of time. If the consumer cancels or withdraws from the financial product within the specified time, the intermediary must return commission to the product producer.

Fees

The firm may also be remunerated by fee by the product producer such as policy fee, admin fee, or in the case of investment firms, advisory fees.

Other Fees, Administrative Costs/ Non-Monetary Benefits

The firm may also be in receipt of other fees, administrative costs, or non-monetary benefits such as:

- Attendance at product provider seminars
- Assistance with Advertising/Branding
- Industry Educational Seminars
- Use of Product Providers resources
- Co-branded literature

Sustainability Remuneration Policies

The key product providers with which we engage, and receive remuneration from, have developed responsible investment as part of their investment philosophies and sustainability risk policies.

Please find below details of the Commissions arrangements IMO Financial Services has with the various Product Providers:

1. Irish Life

Alternative commission structures may be available which are different from the commission structures shown below due to commission sacrifice.

Product			Initial Commission (year 1)	Trail Commission	Renewal Commission	Other Commission

Does not apply. Commission is paid as premiums are received.

3. Zurich Life: Remuneration on IMO Group Schemes

IMO Group Life Scheme

IMO Group GP PHI Scheme

IMO Group NCHD PHI Scheme

IMO Group Income Protection Scheme

IMO Group Waiver of Premium Scheme

In respect of the group protection schemes which operate exclusively for the benefit of IMO members and/or their beneficiaries, IMO Financial Services receives remuneration from Zurich Life (the product producer) to pay for the costs of supporting and operating the schemes. Commencing from 1 April 2020, the remuneration is currently equivalent to 15.50% of premium income plus an administration fee of €5.75 per scheme member per month.

A marketing support fee for the development and promotion of the schemes may be paid at the discretion of Zurich Life, and is estimated at €25,000 per annum.

IMO Financial Services is wholly owned by the Irish Medical Organisation and all profits which accrue form part of the consolidated financial position of the IMO.

4. Royal London
