

“The Health of your Wealth” – GP Seminar

Meet the speakers

Fran McGrath, Sales & Business Development Manager with IMO Financial Services is a Qualified Financial Adviser and has over 15 years’ experience in the financial services sector. He has been advising GPs in the area of financial planning for pensions, retirement, investment opportunities and protection.

In his presentation, Fran will be touching on the various financial needs of a newly established GP from a business and personal perspective.

Ian Slattery has worked in the investment industry for the past eight years. He is an Associate of the Irish Institute of Pensions Management, a Chartered Alternative Investment Analyst and holds a Masters in Economic Studies from Trinity College, Dublin.

Ian’s presentation will provide insight into some of the basic concepts of investing, what the benefits of long term investing are, how the compounding of performance and charges can influence returns, and the importance of a well-balanced and carefully selected portfolio.

Antonia Melvin practised as a barrister for nine years before qualifying as a solicitor in 2013. She is an experienced litigator practising in medical law and advises representative bodies, individuals and corporate clients in relation to employment law, personal injury law and general commercial litigation. Antonia is involved in numerous medical negligence cases and represents doctors, nurses and midwives before the Fitness to Practice Committees of their respective regulatory bodies, the Medical Council and Nursing and Midwifery Board of Ireland.

In her presentation Antonia will provide a summary of the medical negligence claim procedure, insights into what is involved and what a GP Defendant may expect.

Tom Smyth manages IMO Member Advisory Services. He has worked in the IMO since 2011 and has been involved in the Under 6 contract and the wider GP contract talks. Tom is a qualified solicitor and has recently completed a Master’s in Business Administration.

Tom will discuss ways into the GMS scheme – interview, open entry and joining a practice and the benefits of each. He will also provide insight into the workings of the GMS in relation to payments, supports and the practicalities of the scheme.
